

## Financial/Insurance

Our mission is to provide you with the most affordable high quality dental care that fits your budget. We offer a variety of payment options to meet your needs.

1. We accept cash, check, and all major credit cards.
2. We also offer low or no interest-term financing options thru Carecredit.

We accept most major insurance carriers. Our staff will be happy to assist you with your particular plan.

Also we will gladly file insurance claims for you to help maximize your dental benefits. **Please note that insurance co-payments and deductibles are due at the time of service.**

*In reference to insurance, regardless of what we calculate your insurance plan should pay, it is only an estimate. We cannot guarantee what they will pay. Insurance is a fantastic assistant to help cover a portion of the fee, but it is not designed to cover all the cost.*

Remember you are responsible for the total fee. Your financial obligation is between you and our office and not between our office and your insurance carrier.
